- ➢ PODs in classrooms – Jane Balcombe (HOLA Technologies)

- ➢ Stott Hoare – Oliver Ralphs and Brian Hawkins

- ➢ Purchasing through Stott Hoare

- ➢ Questions

Parent Owned Device (POD)

Balcatta senior High School has embraced the use of technology to support the development of **21st Century Skills** and student achievement of the **West Australian Curriculum's General Capabilities**

- In 2021, BSHS introduced the POD program where all Year 7 students commenced High School with a personal device for use across all learning areas. We are now in our third year and have coverage across years 7-9.
- Access to a personal device enables students to interact with learning materials in an interactive learning environment. Teachers can integrate technology into lesson delivery and provide timely feedback to their class
- PODs will be required to meet the school's defined specifications and students will be required to adhere to responsibilities for appropriate use of ICT in schools.

PODs in school

Jane Balcombe, HOLA for Technologies will share further information about use of PODs in school.

Minimum Requirements

Parents may choose to purchase a device from any source, however, only devices with the minimum requirements mentioned below will be able to be used in the school. For devices purchased elsewhere, **download Office 365**, free of charge.

Students are expected to have a device that meets the following minimal requirements:

- Windows 10/11
- WiFi
- Keyboard
- Touch screen and **stylus (essential for Mathematics)**
- In-built camera and microphone
- Headphone connection
- Long battery life – to be charged at home
- Small and robust
- Fits in normal school bag (not separate from)
- Takes up minimal space on the student's desk

Since the commencement of the POD program, we have had a partnership with the team at Stott Hoare. Oliver Ralphs and Brian Hawkins will provide you with further information about their service.

Insurance Options

Industry figures suggest that at least 1 in 20 devices suffer some form of accidental damage.

It's important to decide on your strategy for dealing with out-of-warranty claims.

We provide an assessment and repair service for uninsured machines outside warranty at a discounted rate.

We also offer Accidental Damage Protection options from Lenovo and Microsoft.

The Stott Hoare Difference

Pre-configuration

- ✓ School software and settings pre-installed including Office 365

Added Value

- ✓ Insurance Claim assessment service
  (additional charges may apply)
- ✓ Non-Warranty issues
- ✓ Pre-emptive support/advice for known issues

Warranty Support

- ✓ 3 years (including battery)
- ✓ Easy to get support – send us an email then drop-off and pick-up devices at school
- ✓ Re-installation of software and settings
